

BROADOAKS PARK

WEST BYFLEET

A photograph of two young girls walking away from the camera on a paved path in a park. They are wearing matching school uniforms: maroon blazers, red and white checkered skirts, and straw hats with maroon bands. The girl on the left has blonde hair in a ponytail, while the girl on the right has long brown hair. The background is filled with lush green foliage and flowers, with sunlight filtering through the trees, creating a warm, golden glow. The path they are walking on is made of light-colored stones.

EDUCATION GUIDE

GROWING UP HERE

A childhood here starts a short walk from the front door. Infant school, junior school, secondary, each one already part of the village rather than a drive away.

An excellent choice of state schools close by, a wider choice of independent schools a little further out, and every stage catered for somewhere in between. For first days, for the years in between, and for everything that comes after.
