WE ARE LONDON SQUARE

Making London Greater

We are dedicated to making London even greater. Founded in 2010, our name was inspired by the ethos of London's famous squares – landmarks renowned for their legacy and community.

Now part of the Aldar Group of companies, London Square and Aldar are committed to creating world-class developments, anchored in high quality design, sustainability, and customer service excellence – building award-winning homes where people really want to live.

We are proud to be at the heart of delivering much-needed new homes and communities – revitalising forgotten, neglected corners of Greater London and beyond in key commuter locations. Our sites are in well-connected districts, close to good transport links and local amenities. They range from apartments for first-time buyers to smart family homes, from grand restorations and conversions to contemporary, destination developments. We also create affordable homes for shared ownership through our independent housing provider, Square Roots, established by London Square in 2022.

Our customers inspire every part of our process, they determine where we build, how we build and, above all, why we build. Every home encompasses inspiring architecture, clever design and specification and the highest standards of energy efficiency.

Creating a sense of place is embedded in every London Square development, with attractive landscaped gardens and open spaces, often with new shops and offices, redefining and helping to transform neighbourhoods and contribute to the local economy.

We are delighted to be creating exceptional new homes here at Twickenham Green, our fourth development in the London Borough of Richmond. This is one of the most coveted areas to live in London, offering the highest quality lifestyle from every aspect – spectacular green spaces, excellent schools, first-class amenities and fast transport links. We are working with existing residents, schools and businesses to make our development part of the local fabric, encouraging thriving communities to flourish to make a positive difference to people's lives – embodying the spirit of London Square.
